Allergy UK considers that this product may, in proper use, reduce exposure to House Dust Mite (Der p 1), Cat Allergen (Fel d 1), Mould, Tobacco Smoke, Pollen and Formaldehyde.

Assessment carried out by AUK indicate that an individual's exposure can be reduced but this does not mean that an individuals allergic symptoms will necessarily diminish. AUK's opinion applies only to the products and allergen stated. The product should be used only for its intended purpose and strictly in accordance with the manufacturers instructions at all times.

Exposure to allergen can be dangerous. If you believe that you may suffer from an allergy you should seek medical advice.

Allergy UK (the operational name of The British Allergy Foundation) is a national charity (Charity Reg. No. 1094231, Company Number 4509293) founded in 1991 with the aim of improving awareness, prevention and treatment of allergy. Allergy UK encompasses all types of allergy and is managed by medical specialists from a variety of disciplines including dermatology, ENT surgery, respiratory medicine, paediatrics, ophthalmology, immunology and gastroenterology.

Allergy UK is continuously striving to help sufferers to help themselves, often seeking ways to avoid, or reduce exposure to, relevant allergens. The Seal of Approval Scheme forms a part of this initiative and tests have been carried out on bedding covers, vacuum cleaners, carpets and flooring, electro-static dusting systems, air cleaners, washing machines and cars that are likely to benefit allergy and asthma sufferers.
